

Kevin Andrés Toro Moreno

Backend Developer – Java & Python

+57 3104033757 | toroandres85@gmail.com | [LinkedIn](#) | [Portfolio](#) | [Git Hub](#)

Bogotá, Colombia

I am a developer with strong expertise in Java and Python, focused on building reliable and scalable applications. I have experience with SQL databases, web API integration, and web development, ensuring efficient solutions. I'm comfortable working in cross-functional teams and have gained leadership experience, where I balance technical tasks with mentoring and team coordination to achieve impactful results.

EDUCATION

Universidad el Bosque, Bogotá, Colombia

Aug 2023 – Dec 2028

Systems Engineer

Generation, Bogotá, Colombia
